Subject: RE: Mattei / ASU Spares

Jonathan,

During our BART/BT Partnering Meeting, Mattei's President, Jay Hedges proclaimed his intention of fully supporting BT and BART until the modifications were completed. I intend to hold Mattei to this commitment. If out of all of the consignment ASU's that Mattei has provided, you only have 1 unit available, then Mattei needs to take immediate action by adding units to the pool of consignment ASU's, improving the turn-around time and expediting the shipping.

Thank you.

Anthony

Hello Anthony,

We started with a consignment of 4 ASU units, which was nowhere near close enough.

After multiple increases, we now have 9 consignment units.

However, out of those 9, 6 are currently under RMA and 2 more are waiting for an RMA #, which means we only have 1 good unit in stock.

See below a table with all our currently open RMA, with the Aging:

B/T PART	Vendor PART	DESCRIPTION	VENDOR	SERIAL	LOCATION	SHIPPED QTY	DATE SHIPPED	DATE RETURNED

Gabriel,

During the partnership meeting, Mattei promised to deliver additional ASU's to support the project until the issue is resolved. Can you tell me if they delivered? How many total units do you have? How many good units currently on hand and ready to deploy?

Thank you.

Anthony
